

## Wolverines Will Have Two Hoop Games In Week

Schedule Opens Here As Locals To Meet South Tahoe

The Tahoe Truckee High School Wolverines will play their second and third basketball games of the 1953-54 season this weekend after dropping two practice games to Loyalton last Tuesday.

On Friday, the Wolverines will entertain the South Tahoe Vikings while on Saturday night they will travel to Loyalton for a return match with the Grizzlies. There will be both junior varsity and varsity games both evenings with preliminary games scheduled to start at 7 p.m.

The Wolverines have undergone some shaking up since the Loyalton game, with the combined squads now cut to 24 members.

Coach Con Briner is working with the Varsity and Jim Brehler is drilling the freshmen and the sophomores who make up the JV squad.

Following the two games this weekend, the Wolverines will meet Manogue, on December 11 in an afternoon game at Manogue which will be the final game before the Christmas vacation.

A complete schedule for the season will be announced in the Sierra Sun next week.

## SPORTS MEETING WILL BE HELD AT SCHOOL TONIGHT

Al Wakefield today announced that the meeting of sports followers of this area interested in the formation of the Truckee Athletic Club, will be held tonight at 7 o'clock at the high school gymnasium, preceding a basketball practice session.

Wakefield asked that everyone interested in coming out for any of the various competitive sports—baseball, basketball, skiing or football, attend the meet for the purpose of formulating plans for the future.

Officers will be elected and a schedule of activities planned.

## TRUCKEE CHAMBER TO NAME OFFICERS AT MEET TUESDAY

Nomination and election of officers will feature a meeting of Truckee Chamber of Commerce members and their guests at Donner Lake Lodge at 6 o'clock Tuesday evening, December 8th, Cliff Ellis, president of the booster organization announced.

The meeting will follow a dinner and a large turnout is expected.

In calling the meeting, Ellis said there should be more interest in the selection of officers and the conduct of chamber affairs and urged all local business men and their wives to be on hand so that a good cross section of the area can select officers.

## MILL CLOSES FOR WINTER REPAIR WORK IS STARTED

The Stockton Box Company and the Truckee Lumber Company operations here came to a close for the winter Monday night.

Operations are expected to start up again just as soon as trucks and crews can start getting timber out of the mountains in the early summer. This part of the logging program is under the direction of George Kaspian of the Truckee Lumber Co.

In the meantime, work on the minor scale is continuing as the workmen overhaul the machinery and equipment at the large plant.

This job requires the services of a small crew and approximately 35 men have been laid off at the mill until spring.

The dry kiln will continue to operate and the processed lumber will be sent to Stockton for the manufacture of boxes.

There is no stockpile of logs and so the date for the mill's opening will depend entirely upon when logging can be started.

## HIGH SCHOOL PTA MEETS DECEMBER 16

The High School P. T. A. will hold its regular December meeting on Wednesday night, December 16th rather than on their regular night this month in order that the music department of the school may present their Christmas program at the time.

The Christmas program this year will consist of a Christmas play presented by the high school chorus and dramatics club under the direction of Joseph Mustol. The program will be held in the cafeteria following a jitney dinner to start at 7 p.m. The California Scholarship Federation is planning a pie and cake auction to follow the entertainment.

## Record Is Set For Fines Collected In Local Justice Court

The County of Nevada is \$10,748.25 richer because of the activities of the Truckee Judicial District Court for the past three months, reports Judge F. W. Wilson.

For November, the judge remitted \$4,101.25 in fines and fees to County Treasurer Elma Hecker. In October this source accounted for \$2,578.25 and in September \$4,058.75.

The November total included criminal cases, \$79.50 for fish and \$3,811.50 in traffic fines, \$120 from game fines and \$10.75 in civil case fees. In addition, the state received \$79.50 as its share of the fish and game money.

Comparatively, Judge Wilson pointed out, court collections for November, 1952, were \$1,724.75.

## Has Polio

TAHOE VALLEY — Norman Celio, Jr., is recovering from the effects of infantile paralysis in Children's Hospital at San Francisco.

## Illegal Parking On Main Street Is Hit By Patrol

Cooperation is Asked By Patrol on Crosswalk Parking

There is a definite and growing tendency on the part of motorists to disregard cross walks and fire hydrants when parking along the main street of Truckee, and the highway patrol is urging that this illegal and unsafe practice be discontinued.

Sergeant Harry Xanders, in calling attention to the violation, said that apparently many drivers are unaware of the fact that the law prohibits such parking; but what is far more important, he added, is the danger to pedestrians, especially children, who are taught to use the crosswalks to avoid accidents.

Another frequent violation noted by the sergeant, is that many motorists fail to stop at the cross walks when they are occupied. When streets are covered by snow it is, of course, impossible to see these crosswalks and there is a valid excuse for not stopping, but Sergeant Xanders pointed out that when pedestrians are in the walks the motorist must stop or assume the responsibility for a mishap.

With winter's approach, still another local traffic problem looms—one which annually causes no small amount of trouble. That is the matter of snow removal along the main streets.

Drivers are being asked in advance of storms to make provision to keep their vehicles off the streets as much as possible to provide for snow removal equipment.

Last winter, which proved to be much less severe than most, a cooperative plan was worked out between the division of highways and the Truckee Chamber of Commerce. Under that plan, the chamber agreed to keep the streets cleared for the plows immediately following storms to permit the equipment and the state crews to operate. In turn the state crews offered to widen the parking area as soon as possible.

A similar program may be worked out this season and a meeting of those concerned may be held in the near future.

## TAHOE CITY WILL HAVE CHURCH AT COMMUNITY HALL

TAHOE CITY — Sunday school will start at 10 a.m. on Sunday, December 6 in the Community Center at Tahoe City, under the auspices of the American Sunday School Union.

R. C. Wetmore of Reno will also conduct 11 o'clock services on this date. He urges all parents to take their children to the Sunday school and learn more about the movement.

The goal of the Union is to have every child in rural America attend Sunday school and have a Bible in every home.

## CUB SCOUTS HOLD INTERESTING MEET

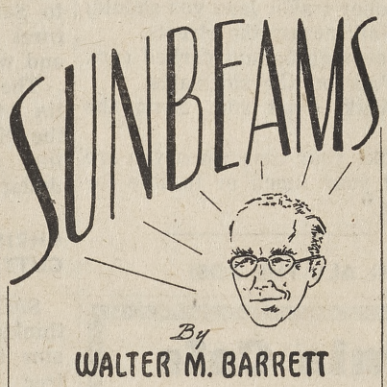

Den No. 4, Cub Scouts, held the initial meeting at the home of their den mother, Mrs. Hugh Weiland on Tuesday, December 1st. Meeting hours each week will be between 2:30 and 4:30 p.m.

Decorations for the Christmas tree at the next pack meeting and other projects will hold the attention of the following boys: Reg Smart, Clark Kidd, Douglas Falconer, Donald Breakfield, Jeffery Stock, Darby DeLisle and Buzz Drury.

## DAMAGES DENIED IN PLACER SUIT

AUBURN — Punitive damages were denied the Squaw Valley Land and Livestock Company in its suit against Paul and Martha Avery but compensatory damages of \$750 were allowed by Judge Lowell L. Sparks in an opinion filed with the Placer County clerk.

The Averages were charged with blocking streets and roads in Squaw Valley.

It may be hard to realize, but there are only 19 more shopping days before Christmas. That should be a warning to those who don't want to be numbered among the last minute buyers to take their lists right away to the local stores and get prepared for the big holiday now. Late shoppers, naturally do not have the complete selection afforded those who shop early, so we offer the suggestion that the time is now. And nowhere will you find a more suitable gift selection than right here in the Truckee stores. Our progressive merchants as usual have large new stocks of Christmas items at unequalled prices. Make your dollar do double duty this year by buying at home.

The observation of the highway patrol that motorists are abusing privileges by illegally parking on cross walks and by fire hydrants, should not be taken lightly. It is just as easy to leave these few spaces for pedestrians and for any possible emergency. Why not cooperate?

If you are interested in Truckee continuing with competitive organized sports, it is important to attend the meeting at the gymnasium of the high school tonight. Formation of the Truckee Athletic Club is expected to fill a need in this community so if at all possible be at the meeting tonight at 7 o'clock.

## NEW SERGEANT TO REPLACE XANDERS ON LOCAL SQUAD

Sergeant Harry Xanders who has been in charge of the Truckee squad of the California Highway Patrol for the month past, left today for Sacramento en route to Los Angeles where he has been assigned to the headquarters detail. His absence in his family prevented the sergeant from making this a permanent post.

Scheduled to replace Xanders is Sergeant Edward Freeman of the Patrol Academy at Sacramento. He is expected here soon to take over the local command. Sergeant Freeman is married and has two young daughters. His family will reside here.

## HIGHER RATE IS ASKED BY PHONE COMPANY IN STATE

Pacific Telephone yesterday filed an amendment to its application for statewide rate increases now before the California Public Utilities Commission.

"The amendment is made necessary by further cost increases since our original application was filed on December 10, 1952. These costs are primarily in wage increases under contract negotiated during the current year," said Howard J. Newsham, telephone manager here.

"Our costs have been going up steadily, but rates have not changed since 1951. With this amendment, the total rate increase sought will average statewide about four cents a day per telephone," he added.

## CASINO SIGNS ARE SUBJECT OF ACTION

AUBURN — The Placer County Planning Commission has requested the board of supervisors to compel two Nevada casinos to comply with the county ordinance regulating signs in the Lake Tahoe area.

Deputy District Attorney Franklin Tuttle told the commission both Cal-Neva and Cal-Vada have failed to comply with a planning commission request and asked that a directive be issued by the supervisors.

Tuttle stated both signs have been built or enlarged since 1939 when the county ordinance became effective.

## Christmas Tree Industry Here Is Big Business

Check Shows Thousands of Trees Shipped From This Area

That the Christmas tree industry is a major one in this region is indicated in some interesting figures compiled by Daven Morey of the state's quarantine station near here through which a large portion of the trees must pass.

Morey said that up until Sunday 51,265 trees had passed westward through the station and the trucks were continuing to pour out of the territory in a steady stream.

On top of this, approximately 50 railroad cars, each with about 1500 trees of various sizes, are shipped out of Truckee for destinations, principally Los Angeles, San Francisco and Sacramento.

It can easily be estimated that nearly 200,000 trees will have been shipped from the eastern sections of Nevada, Placer and Sierra counties before the holidays.

Taking into consideration that this is only a small section of the forests providing Christmas trees, it can be seen that the industry is not small.

Another fact not considered by the tabulators is that only legal trees are checked. There are no doubt nearly as many illegal ones will be handled by highjackers and thieves who take advantage of the shortage of enforcement officers during the rush of the harvest.

## ICE COIN BOX IS LOOTED HERE AS PROBE CONTINUED

Constable N. F. Dolley this week is continuing his investigation into the theft of between \$50 and \$70 from the coin deposit box on the Union Ice Company's ice house on West Main street.

William Curran, operator of the plant summoned Dolley Monday morning when he found the box had been broken open and a large number of quarters taken.

Dolley said he has two or three suspects and will question them regarding the theft.

## SUSPECT IN SODA SPRINGS POSTAL ROBBERY IS HELD

Lloyd Sharp, Colfax, has been held to answer in Federal District Court on a charge of stealing money from the Soda Springs Post Office. United States Commissioner McCabe set bail at \$1500.

George Rolfe, postal inspector, said Sharp admitted taking \$130 when Postmaster Arthur Couillard turned his back.

Sharp, who gave his age as 18, was arrested less than an hour after an alarm was sent out and was taken into custody by State Patrolman Lyle Tice at Baxters.

Returned to Truckee, Sharp was turned over to Constable N. F. Dolley and while he at first denied any knowledge of the theft, he later admitted it, officers said. A search of his car revealed \$130.

Manager and Mrs. Vern Shattuck have arranged through the cooperation of the Sacramento Bee to sponsor the visit here.

The Jolly old gent will bring his usual store of gifts and candy and wants to see every boy and girl at the program.

Featuring the program will be two hours of movies—the kind that youngsters enjoy. There will also be community singing and a good time is promised everyone. Busses are expected to pick up children in nearby localities so that none will miss the fun. And it's all free.

## Slower Speed Limit Will Be Effective In Donner Summit Area

A speed limit of 45 miles an hour has been established on a short portion of U. S. Highway 40 in the community of Soda Springs, the state department of public works announced this week. The section was previously zoned at 55 miles an hour.

The new restricted zone extends from 330 feet west of Donner Summit Lodge to 300 feet east of the Soda Springs Hotel, a distance of about two-thirds of a mile. The traffic volume average about 2,400 vehicles a day.

The lower speed limit was recommended by State Engineer G. T. McCoy following an engineering study of traffic conditions by the division of highways. The California Highway Patrol concurred in the recommendation.

The new speed limit will be effective with the posting of signs. The 45-mile speed limit signs will be hooded when snow and ice conditions require a 25-mile an hour speed limit as provided by vehicle code.

## SUSAN BAYSINGER NAMED TO HEAD NEW ORGANIZATION

## Suspect Nabbed Near Here For Aiding Murderer

Correll Surprised When He Was Advised He Was Wanted

Freman P. Correll, 49, Truckee culinary worker for the past four years, is being held in the Nevada County jail charged with passing hack saw blades to Jack Santos and Emmet Perkins, convicted slayers.

Santos and Perkins are now on trial in the Nevada County Superior Court, charged with a second murder.

Arrested at Squaw Valley where he had been employed for only a few days, Correll expressed surprise that he was a suspect and claimed that he did not know he was the object of a state-wide hunt by the police.

Constable N. F. Dolley also expressed some surprise when he belatedly learned that Correll was sought. The suspect is well known here and apparently did not make any attempt to avoid arrest. His picture in a Sacramento Bee led to his apprehension, Dolley said.

The local officer booked the suspect at the Truckee jail last Friday night and the next day took him to Nevada City where he was for unknown reasons, booked at the city jail.

Even after he was booked at the local jail, deputies indicated they had been instructed to keep the matter secret.

Correll had served from August 2 to November 10 in the jail at Nevada City on an assault charge. The day he was released, he returned, he said, for a night's lodging. It was then, Sheriff Wayne Brown believes, he passed the saw blades to Santos who later used them to saw the bars on his cell. The attempt proved futile.

Correll emphatically denies he gave the blades to the convicted murderer and said his arrest for the crime, about which he knew nothing, came as a complete surprise.

# TAHOE, TOPAZ ARE COVERED IN BI-STATE PACT

SACRAMENTO — The fish and game commission of California and Nevada have signed a "memorandum of understanding" which should settle a lot of arguments about fishing in the bi-state waters of Lake Tahoe and Topaz Lake.

Under terms of the agreement approved by the California Commission at its last meeting, anglers 16 years of age or over may fish from a boat on either side of the state line as long as they possess a valid license from either state.

Shore fishing on the two lakes, however, will require a license from the state claiming the land. Persons over 16 who do not

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of suitability and fitness of service offered.

Bidders are required to bid on all items or types of service, or state cause, satisfactory to Governing Board for unbids items and/or service. Bidders are required to furnish a certified check in the amount of 10 percent of the bid to guarantee faithful performance of contract.

need an angling license in their home state must possess an out-of-state permit when fishing across the state line of either state. Members of the armed forces on active duty who are stationed in California, do not require an angling license when fishing in California waters, but need a Nevada license when they cross the line.

The pact has already been approved by the Nevada Fish and Game Commission. It became effective with the opening of the angling season on the two lakes next spring.

The way to better inter-state angling regulations was smoothed by joint adoption of a statement agreeing that "uniformity is desirable in all regulations regarding season, bag limits, hours of fishing, types of tackle and live bait regulations."

"After consultation, the two commissions will adopt to the extent of their respective powers such regulations as are agreed upon," the memorandum concluded.

The state-owned Port of San Francisco marked its 90th anniversary April 24, 1953.

## LYDIA CRAIG'S NO. ONE ESSAY

In a recent safety essay contest among the sixth grade pupils at Truckee Elementary School, the composition of Lydia Craig of Floriston was judged the best. Her essay, titled "Obeying Our Traffic Laws," follows:

"Traffic laws are made so when children cross the street they won't get run over."

"You should obey traffic laws everywhere you go no matter where you are."

"Everyone should obey traffic laws: our mothers, fathers, friends, teachers and all the children. That way, if everybody obeys the traffic laws, no one will get hurt."

"To obey traffic laws you should:  
1. Walk across the streets.  
2. Never go behind parked cars.  
3. Walk on the sidewalks.  
4. Walk, don't run, down the halls.  
5. Take your time when you are getting your lunch or in line for the bus."

## CHRISTMAS TREE CUTTING CURBED

SACRAMENTO — If you are thinking of going up to the mountains to cut yourself a Christmas tree, you had better heed these words first.

California State Forester F. H. Raymond said there are no trees available for public cutting on state or federal lands.

And if you see something you like on private property, you must first get permission of the owner before you can start chopping.

"Christmas trees have a value to the landowner as commercial Christmas trees and for future lumber production," Raymond said. "Taking them is no different than taking logs, wood, or any other timber products without permission."

by FRAN COUILLARD

In this time of turkey hash, turkey soup, turkey croquettes, left over cranberry sauce, dried up pumpkin pie, we have to relapse in holiday spirit until the ice box is cleaned up and we need must make a list for Christmas dinner. Short tripped to Sacramento over the past weekend and found relatives' ice boxes in the same hung over state.

Everybody in a dither as the Zorichs' Ski Fashion Fiesta fast approaches. Finally extracted the names of the participants from Barbara Zorich. Lovely models will be dainty Shirley Winthers of Sacramento, pert Betty Aro and wide-eyed Ruth Meador of Soda Springs, smiling Edna Reams of Cisco, vivacious Betty Board of the Sugar Bowl, graceful Margaret Copeland of Truckee and tall and slender Alice Donahue of Donner Lake. The tot department which will be corralled and swung into position at the beginning of the show will be little Debra Zorich, Billy Strickland and Lynn Aro all verging on the ripe old age of pre-kindergarten experience. Wonder what the first "shot" of the Kleigs will do to these embryonic models. We've had a preview of their ski togs and marvel that such tiny garments can be manufactured in such grown up detail. Bob Strickland will take care of the teenage boys' division.

who will brave the spotlight to show off the Zorich exclusives are Bob Chaplin, Chuck Reynolds and John Johanson of Soda Springs, Jim Winthers of Sacramento. Officials and youthful photographers journey from Sacramento to make picture history of the show are Ken and Sallianne McNeill.

Noted a "snow bunny" suit in the lineup but Barbara and Bud refuse to divulge the identity of the mountain "character" who will don this outfit nor what her or his official capacity will be.

Sumptuous preparations in the Soda Springs Hotel kitchen for the buffet spread after the show, make us forget the ice box hang over that prevails in our house.

In the notes at my typewriter side I find a Montana newspaper called the Glendive Daily Ranger and peering at me from the front page is Noel Carrico, the father of our good school teacher, Bill Carrico. "Carrico Heads State Chamber" it says. Proud Bill states that his father was instrumental in organizing the Glendive, Montana chamber and has served in the capacity of vice president for the past two years.

Ruth Melnicoe, author of "Experiencing Europe" who recently made herself known to local groups in a lecture given by herself and Portia Wagonet of the Castle Creek country vivaciously breezes in to tell us that she was recently guest artist in the bay area Penwomen's session, art division. "Experiencing Europe" wasn't a bell ringer this time, but her prize winning pictures were on the wall. Besides writing, Ruth finds time to teach special courses in art.

Five years ago we had the pleasure of telling you that we had the first local preview of a beautiful baby boy that had been adopted by the Virgil Misener—then at Kingvale. His name was Ricky. Shortly thereafter the Miseners became our Soda Springs neighbors and Ricky became part of our household. We missed him very much when they moved to Sacramento last summer. We are sorry that we are not going to have the pleasure of watching Sandra grow up, too. Sandy, we heard from the lips of Wanda Misener this past weekend, is the new addition to the family—is the same age as Ricky and is in the legal process of becoming a permanent and beloved member of Wanda and Virg and Ricky. Hats off!

Jack Woodard, jovial and paint smeared, walks in to say this year's opening party is set for December 12th. Always look forward to the Woodard windings at the Ski Ranch for to us this is one of the sure harbingers of ski season.

and a good bet on a sure snow storm, which incidentally never seems to dampen the attendance to one of Jack's Ranch Revels which are always received with relish. Jack's old friends will greet his same old crew, with the exception of well known John Finnegan who is now a tavern owner in San Francisco. Don Porter moves from second bar tender into that place left by Finnegan whilst round and cheerful John Richards still presides over kitchen and cafeteria. Edvi Aro's name remains on the ski school sign and Yasi Taramoto's stocky figure will be seen on the ski hill again this year as manager.

The Milton Hogles' return from their fall vacation which gives them the stamina they need for this winter's Soda Springs Ski Corporation operation. However, Milt says definitely that he will not open the Snow Flake nor lift until the snow is "safe enough" for people to really ski without fear. So we can't give you the real opening date for the Soda Springs Hill until their executives tell us that they believe their terrain is in good condition and safe.

Donner Summit Lodge is ready with their crew for the winter's operation. You old timers will remember Al Prichard. Al was chef for Herb and Ollie Bruck at Donner Lake and Soda Springs and all summit points. Frank and Rose Guarascio handle bar and reservations. You'll like these two. Walter Vance and Lenore Petereson augment the staff of Bill Rutherford's Donner Summit Lodge and all in all, from what we've seen, the lodge is all set to go.

Brant and Dorsi Chaplin retain most of their well known crew also with Dorothea and Wayne Wiley on the range and sportsman Bob Bouvier, and his hunting and fishing tips, behind the plank. Well known Ruth Meador book-keeps and Herb Strough clerks behind the desk. We mentioned the Peggy and Johnnie Rhodes that are late additions, and Bertha Chaney will smilingly hand you a place in the dining room. Think this is Bertha's seventh season on the mountain.

A short, stocky, ruddy faced Swiss boy arrived in our country several years ago named Godie Schuetz. We'd say Godie had the most beautiful ski togs in existence. Godie left us for awhile and moved into rival territory but returned to enter our annual Donner Trail Memorial Race. So, in the long run, Swiss boy Godie was still our own. This year we found out that Godie and his beautiful togs had been chosen winter sport director of the Sugar Bowl. We have talked to him several times and know that his new job meant a great deal to him. We looked forward to working with Godie this coming winter season with great pleasure. Then the word came that Godie had been injured. We called the Tahoe Forest Hospital and sure enough Godie answered us on call. "How are you feeling?" we asked. "I have some broken bones," came the answer. "When?" we wanted to know. "On your Thanksgiving Day," he answered. The extent of his injuries we do not know but we do know that he is looking forward to taking over his precious job with the Sugar Bowl around Christmas time and we

wish him luck in his recovery. Incidentally, the Donner Trail Memorial Race committee wants Godie to know that he can have all the ski news publications and his favorite daily paper whilst he waits to heal.

This day of the year (December 1st) is always, to us, the day that marks the beginning of the fastest passing time of the year and as we contemplate the approaching

Christmas, and end of year inventory, and the social events that attend the holidays and a Christmas tree, and the festive day dinner, the buying of many presents, and the mailing of packages and Christmas cards, we wonder what became of last year's resolution to shop early. Well, as this is the earliest we now shop why don't you join me?

by HARRY CHARRISON

Constable Harry Johanson of Tahoe City left by plane the past week for San Francisco where he entered a hospital for an operation. It is not expected he will have to stay for more than a week and we wish Harry a very speedy recovery.

Marthaller and Harry and Mrs. Charrison all sat down to a real duck feed at the beautiful home of the Laverys in Tahoe Vista last Sunday night. During the evening Paul and Mrs. Norboe dropped in for a visit.

Received an announcement from Merced that P. R. Murray of Tahoe Vista was married on the 14th of November to Mrs. Jeanne M. Spiller of that city and that they are making their home at 2219 O St., Merced. Murray is well known here having the property known as the Tahoe Estates in Tahoe Vista. He was active in church work before his retirement and was in the hardware business for many years.

It is now getting so that a lot of our neighbors in this area can invite you to watch TV. The latest fans are Jack and Mrs. Braden who installed a beaut this week. This is wonderful for the folk living in for the winter months. The best thing about it is that the reception is wonderful.

Doug Free is building a very nice addition to his home near Tahoe Vista.

I am informed the Brockway Theater at Kings Beach was closed as of the 28th of November. It will be missed by those that remain in this area and many have expressed their appreciation that Tom Lucas kept the show going and will be looking forward to spring when it will reopen.

This column cannot let the opportunity pass to wish Doug Barrett the very best in his new venture that he has taken over at Sacramento. For many years he has given his best to the Sierra Sun and to the whole community. To say he will be greatly missed in

the area is putting it mildly. So to Doug and his family we say may your future be happy and successful.

Mr. and Mrs. K. O. Harried of Tahoe Vista are in Stockton indefinitely and are not sure when they might return to the lake.

Was over at Gene Howard's Tahoe Marina at Tahoe Vista a day or so ago and I was amazed at the work that is going on there. A big addition to the already long pier creating a harbor in the progress with stalls for speed boats. Gene is also contemplating moving a good sized house acquired when he bought property on the west side of his property. Carol, the boss on the job, is busy making some rock gardens to add to the beauty of the place.

Ruth Lavery was in Sacramento last week undergoing an extensive check up at the hospital there. The results are not known at the moment. While Ruth was away Frank Paoli, our county supervisor or was up on a visit, staying with Dick and Kenny.

The Dave Ashtons are on their way to Pasadena this weekend for the winter. Young Davey will stay with his grandparents at least until Christmas.

The Matthews of Rustic Cottages at Tahoe Vista are having some extensive repairs done on their cottages, a winter's work says Charlie. Asked when they are going to Oakland they said not yet "we'd be crazy to go out with weather like this."

Sherry, daughter of Mrs. Dave Ashton, has been up here for a stay of a week or more and has returned to Sacramento.

The meeting of the Brockway Rotary Club at CalVada last Monday night was well attended. Several Lions and their ladies of Kings Beach and Rotary members from Tahoe City and Truckee were on hand. A colored film of Peru was shown by Max Kolb of Kings Beach.

Arnold Miedema has purchased a Dodge pickup for going back and forth from the Truckee quarantine station. He says he should have got himself a caterpillar so that he could go over the short cut during the winter.

## LEAVE LAKE

TAHOE CITY—Ms. Henry Droste is leaving for Sacramento for the winter and Mrs. Rose Boyaides is leaving the lake for her annual winter visit to Hot Springs, Ariz.

## BOX SOCIAL PLAN OF TAHOE CLUB

KINGS BEACH — The Tahoe Twosomes Club will hold a box social in the recreational hall at Kings Beach Community Church Friday evening, December 4, beginning at 7:30 p.m. A special feature will be dancing by members of the Kings Beach Square Dancers.

## At Santa Clara

KINGS BEACH — Mr. and Mrs. Snowden Burch are living in Santa Clara and working in nearby San Jose, their home town which both are enjoying. She writes that their family and friends have made them the incentive for a number of dinner parties which, she adds: "ended up with some hot pinocle games."

## FAIR WEATHER STILL PREVAILS AT TAHOE

TAHOE CITY — With five of the gates into the Truckee river open Monday, the level of Lake Tahoe stood at 6227.47 feet, according to the report kept by Art Frodenberg, observer.

A light snowfall last week did not remain on the ground and the weather for the most part has been mild with the lowest temperature recorded last Thursday when the mercury dropped to 27 above.

Only .04 of an inch of precipitation was reported for last week.

## Drivers find gasoline cost per mile down 20%

To compare gasoline values now with the "good old days," test drivers at Standard ran popular cars of the 1920's on 1925 gas, '53 models of the same makes on today's gas, and '53 models modified to use 1925 gas. All cars were driven over the same course, on the same amount of fuel till they ran out of gas. The results may surprise you.

Today's gasoline gives you, under comparable driving conditions, 50% more miles per gallon than in 1925! What does it mean to you? Suppose you started on a trip from San Francisco to Lake Tahoe with 12 gallons of gasoline—a route covering all kinds of driving. In the old car with 1925 gas, you'd travel about 131 miles; in the new car modified for 1925 gasoline you'd go 149 miles; but in the new car with today's gasoline, you'd go all the way to Lake

Tahoe, 196 miles. Improved auto engines explain part of this—but better gasolines made them possible. You benefit steadily from the competition in research and operating efficiency between Standard and other oil companies. Competition steps up gasoline quality, helps hold prices down. While living costs have risen 54% in the last 28 years, today's gasoline costs you only 22% more a gallon (except for taxes)... gasoline cost per mile has dropped one fifth!

## Instruction School For Easter Star Held Here

Mesdames Raymond G. Hartwell, deputy grand matron, and Ellen Gradner of Downieville attended installation of officers of Truckee Chapter No. 116, Order of Eastern Star Saturday evening. Mrs. Hazel Johnson of Vallejo, Grand Ruth, was the installing officer, assisted by E. L. Moore of San Mateo. Mrs. Bert King and Dan Anderson were installed as matron and patron.

Mesdames Hartwell and Gardner were guests that night of Mr. and Mrs. King at their Lake Tahoe home. School of instruction was held for the 1954 officers Sunday in Truckee, conducted by Mrs. Hartwell. —Downieville Messenger

## CAR LOOTED

Parties! parties! Everyone at the Lake seemed to have the very best Thanksgiving ever. The warm sun parted the overhanging clouds and joined us one and all as we counted our blessings. We have so much to be thankful for—no matter how little.

November 24th being Yvonne Bechdolt's birthday, found her and her very dear friend of some 25 years standing—Mrs. B. Delgado of Los Angeles—enjoying a day at Reno just doing the things so dear to a woman's heart—shopping and skittering here and yon as the whim took them, even donating a small portion of their valuable time visiting with Mrs. Viola Johnston of Reno. canasta with friend and husband, Carl Bechdolt, Sr. Understand even Carl is a bearcat at canasta and they have a thrilling new way of playing with the deck frozen all the time!

Dear little Julia Bechdolt baked her grandma, Yvonne, a real cake for her birthday with a great big candle on top.

Following the Bechdolt's through this holiday season, we had the William Bechdolt's and Jay Shontz returned from a pheasant hunt at Woodland that was a success as was Carl and Elsie Bechdolt's trip to Maxwell. For Thanksgiving Day the William Bechdolt's were hosts to some 21 guests, mostly the family, including the Bill Connors family, Senior and Junior Bechdolt's and Mrs. Delgado, together with all the children. Carl Bechdolt Sr. will have a second Thanksgiving Day when they entertain Mrs. Bechdolt's cousin, Mrs. Helen Oliverio from Portland and her son, Richard from Carson City. The latter is a teacher of history and typing at Carson.

The George DeMartinis of Tahoe Park were up to spend Thanksgiving in their summer home, as were the Fred Thompsons who just returned from a wonderful five months trip to Denmark. Both the DeMartinis and the Thompsons were hosted by the Carl Bechdolt's Sr. for dinner Wednesday night.

Our friend and neighbor, Fern Schlueter, phoned to give her farewells. She has left for the winter, planning to spend some time at Oakland and thence, after the holidays, to visit the Palm Springs and Los Angeles areas.

Her neighbors, the Sturges, have also flown but for a very short time. We'll be seeing lots of Ralph and Bee this winter.

Hear Dr. Thompson of the Pine-land tract came up for the holiday and hopes to begin a year 'round resident next year, and as Dr. Thompson is a dentist and hopes to open a practice here, we are more than happy to say welcome and good luck.

Also had the pleasure of meeting John J. "Bill" Williams who

will replace Max Porter at the Tahoe City phone company. Bill hopes to move his family up in a few weeks.

See Mr. and Mrs. Robert Watson up for a day.

The Imon Mitchells had an early Thanksgiving celebrated Sunday prior to November 26 with Mr. Mitchell's mother and father, the Leonard Mitchells of Sutter, three brothers and two sisters together with their respective spouses, plus an even dozen grandchildren, made it a pleasant and festive day. The "boys" all enjoyed a good pheasant hunt, all bagging limits.

The Mitchells were again feted Monday night by their very dear friends, the Bert Andersons of Pineland. Yesiree, that turkey was done to a king's taste and festive with all the trimmings.

Dennis Sash has just returned from a flash trip to Palm Springs, returning on Thanksgiving Day to join his wife and son, Bob, the Howard Guths, Bert Andersons and son, Gary, at a lovely Thanksgiving dinner held at the Jim Martins in Tahoe City.

Dennis Sachs, Ann and Jim Martin will be leaving for Palm Spring

early this week where Dennis and Jim will work until just before Christmas.

Welcomed our neighbor, Harry Mead back. He had left for a few days of hunting the wild pheasant in the Marysville area but was greatly saddened by the death of his mother during the trip. Our heartfelt sympathy is extended to you, Harry.

Had a chat with the Millers of Pineland, who motored up for the holiday from Oakland. They were basking in our sunshine and so happy to be up if just for a short time.

And so, my friends, another week draws to a close. My best to you all. We've plenty to do now with Christmas just over the horizon.

### FORMER FORESTERS INVITED TO PARTY AT DONNER LODGE

A dinner-dance social gathering is being sponsored at Donner Lake Lodge Saturday evening, December 5 by Hobart Snider, retired federal ranger, for former and present employees of the Truckee District, Tahoe National Forest.

Dinner will be served at 8 p.m. and the dance will follow immediately with the local high school orchestra providing the music, the same orchestra which played at the firemen's dance in Truckee on Halloween.

Snider says any former Truckee District employee is welcome to attend and bring his partner, even though he may not receive an invitation, since it has been difficult to locate them all. Those who do not care to dance may spend their time visiting around the fireplace lounge room, but the principal purpose is to get the group together for a good time, Snider, who served 23 years as district ranger at Truckee, said.
